

JOIN THE TEAM!!

Independence Business Association

<http://indepba.org>

The city of Independence is growing at an incredible rate! As new residents and businesses move to our city, the time is now to lay the foundation for an organization that can help guide the progress for everyone's benefit for many years to come.

The benefits the IBA can provide for business owners include:

- Encouraging cooperation as a business community to keep commerce in the city of Independence.
- To promote the general welfare of our members, by interacting with fellow members, their community, and city, county, and state governments.
- Becoming an information and services resource to assist members in growing their businesses.
- Participate in regional economic development decisions and have a strong, organized voice.
- To discover better business methods for our members through personal networking and outside guest speakers.
- Sponsor and endorse existing and new community events to promote business and have fun!

COME BE A PART OF IBA!! MEETINGS 4TH MONDAY MONTHLY!
